

**Gurit to Highlight Aerospace Product Portfolio and  
Experience at Aircraft Interiors 2014, Hamburg**

**8 April 2014**, Gurit (SIX Swiss Exchange: GUR), a leading global manufacturer and supplier of Composite Materials, Systems and Engineering, will be showcasing its aerospace product innovations at Aircraft Interiors 2014. The exhibition takes place from Tuesday 8<sup>th</sup> April to Thursday 10<sup>th</sup> April at Hamburg Messe, Germany and is the world's largest event dedicated to the aircraft interiors industry.

With over 30 years experience, Gurit understands the needs of the global aerospace industry. With two ISO 9001 and EN 9100 certified aerospace materials production sites in Switzerland and Germany, Gurit holds a leading position as a materials supplier to the European aerospace industry. Gurit works with a wide range of aerospace customers ranging from smaller jets and helicopters through to large scale global aerospace manufacturers and is continuing to expand its presence within the industry.
